

# Tajikistan's Web Academy

www.omuz.tj is an online academy designed to build the capacity of civil society in Tajikistan through free and accessible trainings for public organizations, businesses, and government agencies. Integrating this platform into EFCA – Tajikistan’s activities, along with its sister website www.ngo.tj, will help increase project sustainability after donor funding ends by providing ongoing resources for beneficiaries.

This website was made possible by the Embassy of the Kingdom of the Netherlands in Kazakhstan, as a part of EFCA-Tajikistan’s “A Stronger Civil Society in Tajikistan through Novel Trainings and Technology” project.
